Dodd Group's South West Projects team completed the refurbishment and replacement of the MEP services within the existing town hall at Exmouth to allow phase one of the relocation of EDDC from The Knowle Sidmouth. The project involved the installation of the MEP services to a new three storey office comprising:

- Heating
- Ventilation
- Toilet Extract Ventilation
- Core Heating
- Domestic Hot & Cold Water Services
- Mains Distribution
- LV Installation
- Lighting
- External Lighting
- Data Installation
- Fire Alarm
- Access Control

The sensitive refurbishment of the town hall including retaining /refurbishing and modernisation of the antique natural ventilation system of the council chamber
