
PROJECT NAME:

Mill Chase Academy - Work in Progress

CLIENT:

Hampshire County Council

LOCATION:

Borden

M&E ORDER VALUE:

£3 million

CONTRACTOR:

Kier (Southern)

The Flagship Project for Hampshire County Council entailed a new build multi-building Academy, with communal external areas to function as a 900 place secondary school.

This impressive scheme is part of the regeneration and investment into Borden. This Project is likely to win awards for its excellent design as it is already shortlisted for awards. It is also probably the last of its kind against the new super-block designs for academies.
