
PROJECT NAME:

Addenbrookes Hospital - New Freezer Facility

CLIENT:

Addenbrookes Hospital / Cancer Research UK

M&E ORDER VALUE:

£250,000

CONTRACTOR:

Barnes Construction

M&E DESIGN AND BUILD:

Dodd Group

Dodd Group Kings Lynn and Dodd Group Norwich successfully completed the M&E works on this project as a joint venture. The project was a new build construction that consisted of a new Workshop, Radioactive Waste Storage, Standard Freezer Facility and Ultra Low Freezer Facility.

Dodd Group delivered the M&E works on a design and build basis that included new refrigerant cooling, BMS, above ground drainage, LV distribution, lighting, data systems, fire alarm systems, security systems, earth nest and lightning protection.
