
PROJECT NAME:

C6 Dementia Care Upgrade

CLIENT:

Miller Construction

M&E ORDER VALUE:

£500k

CONSULTANT:

WSP

At Addenbrooke's (Cambridge University Hospital) Dodd Group have completed the project known as C6 Dementia Care upgrade. This is part of a nationwide programme to improve the environment for dementia patients.

CUH secured funding in order to upgrade their facilities to make the environment less utilitarian and more homely as well as improving services such as medical gases, legionella prevention measures, nurse call provisions, improved internal lighting including scene setting and separate dining facilities.
