
PROJECT NAME:

Worcestershire County Council M&E Partnership

CLIENT:

Worcester County Council

LOCATION:

Worcestershire

M&E ORDER VALUE:

£800,000

The scope of works covers planned and reactive repairs, installations and maintenance across heating, air conditioning and ventilation and electrical services. This includes day-to-day servicing and repairs of:

- Air conditioning
- Air handling units
- Refrigeration plant
- Boilers
- Heating and hot water systems
- Cleaning equipment
- Catering equipment
- Distribution pipe work
- Heating controls

We have completed approximately 725 services since taking on the contract at a broad range of properties including schools, leisure centres, libraries, council buildings and offices. We have also completed approximately 268 minor works orders, including:

- Electric storage heater installs
- Emergency lighting installs
- Fire alarm installs
- Air conditioning system installs
- Full heating system upgrades/installs
- Water heater replacements
- Auto door remedials
- Electrical remedials and rewires

An additional programme for 19 BMS upgrades is currently being delivered also, adding approximately £400k to the overall contract spend. As part of our service provision, we provide an Out-Of-Hours callout service and have so far have completed around 118 out of hours orders.
