
PROJECT NAME:

Bridge Academy - Work In Progress

CLIENT:

DfE

LOCATION:

Fulham

M&E ORDER VALUE:

£2 Million

CONTRACTOR:

ISG

The new two-storey building provides a much needed double-height hall for sports, fitness training, examinations and seminars. Surrounding the hall are Post 16 teaching spaces set over two levels with a double height internal glazed gallery. The bringing the buildings together and arranging them around innovative external landscaping creates a cohesive TBAP Campus, where the development of learners' personal integrity, self-esteem and citizenship is central to the scheme. Dodd Group is currently on site at the project
