Ministry of Justice

LOCATION:

HMP Norwich

M&E ORDER VALUE:

£800,000

CONTRACTOR:

Wates Smart Space

Dodd Group has completed the electrical and mechanical services infrastructure works, external works, plantroom works, fire alarm works, security works, testing/commissioning works, all to accommodate prefabricated Cells, Servery, Dining Room, Laundry, Staff Office and WC area.

The Rapid Deployment Cells Project is intended to help bridge the gap to meet prison population challenges while permanent and long-term capacity is built by delivering 2,000 temporary additional prison places.

The delivery programme was vital to HM Prison and Probationary Service therefore time was a critical factor.
