
PROJECT NAME:

RAF Marham, MT Facility

CLIENT:

Turner Facilities Management

M&E ORDER VALUE:

£134k

Project Name: RAF Marham, MT Facility

Client: Turner Facilities Management

M&E Order Value: £134k

This project had a requirement to facilitate the change of use of a motor transport service bay into an engineering workshop.

The M&E services included upgrading the existing electrical main supply to the building, installation of a new distribution connection, wiring system to the new workshop equipment, small power, general and emergency lighting and local extract ventilation.
